Pack it in a MAC[®]

MAC Rack by Hardigg is a NEW SERIES of compact rack cases engineered to be minimal in cube, light in weight, and Hardigg tough. Designed for your 19 inch rack mountable equipment, they're perfect if you are deploying downrange, shipping down the road or just moving down the hall. MAC Rack cases give you all the needed shock and vibration protection while keeping your valuable equipment safe from the extremes of worldwide environmental conditions.
